Dream Planning sheet for Kitchens customer : _____

Help us help you by sharing your family's thoughts on your kitchen project. Filling out this form should help clarify your thinking on what you want and need and help you communicate your ideas to Richart..

1. What is the largest group of people you cook for on a daily basis?

2. How many of them eat at home for:
Breakfast ?
Lunch ?
Dinner?

3. Who is the primary cook?
Who is the secondary cook?

4. Is the cook right handed or left handed
Primary
Secondary

5. Does the cook have any physical limitations?
Primary
Secondary

6. How tall is/are the cook(s)?

8. Do other household members help with meal preparation?

9. Which best describes how you use your kitchen? Mark all that apply

I really don't cook much but want a nice kitchen when I do.
Our hectic life means I make use of prepared foods and takeout.at least during the week.
I prepare full course meals at least once a day often from scratch.
I mostly cook on the weekends when I entertain guests
I mostly cook family meals on the weekends
I love to cook "gourmet" and entertain with food.
I Bake
I make candy
I prepare foods for large groups

10. How often and for how many do you entertain formally?

11. Do you like to visit with guests while you cook or help you cook? Y N

12 Do you do or want to do any of the following? If so, will you need any special preparation area?

- Can
- Make Pasta
- Make Stock
- Bake
- Make Candy
- Other
- Dehydrate food
- Ice Cream

13. Is the kitchen a socializing space or would you like it to be?

14. Would you like an open kitchen concept (open to surrounding rooms)?

15. List three things you dislike about your current kitchen.

16 What do you most like about your present kitchen?

17. What other reason do you have for remodeling your kitchen?

18. What appliances that your currently have would you eliminate? And why?

19. What appliances do you find most helpful and couldn't do without.

20. Would you do any different type of cooking if you had a new kitchen? What would that be?

Kitchen Planning & Design Information

Storage space in kitchens is often an issue. Cabinet makers have created many design solutions such as can good pantry shelves, pots and pans cabinets and lazy-susans in corner cabinets that give you much better access but at a reduction in total storage space. With larger kitchens ths may not be an problem but with smaller kitchens where storage is an issue you may want to think twice before making a final cabinet selection .

1. In considering your cabinet design and storage, which do you prefer?

- Ease of use and convenience
- A mixture of both, yet to be determined
- Maximum storage space

2. Do you want to provide space in your new kitchen to recycle any of the following? If you do, please indicate which ones.

Plastic
Bottles
Newsprint
Scrap Paper
Cans
Magazines

3. How high would you like your countertops?
More than one height in a kitchen lends visual interest and may add function. Do you have any preferences?

36" 34" All
38" All Varying Heights
